

CSR

Committee of Student Representatives

A New Start

Hello Medical Students,

My name is Alok Harwani and I am thrilled to be your new President of the Committee of Student Representatives. I am honored to hold this position and I will make sure to act on behalf of the best interests and will of the student body.

Having sent out a plethora of emails myself during the course of my short time as a medical student, it is clear that we all receive far too many emails, many of which are worthy of our attention. From a physician panel of one interest group to a mixer thrown by CSR, there can be many events that you may be interested but can lose track of over the course of time. Instead of leaving you all to sift through an over-stuffed inbox, I want to use this newsletter as a monthly aggregator of any upcoming events that may be of interest to the student body. With that being said, if you want to advertise your event in the next CSR newsletter, please [fill out this form](#).

Also, if you have any questions or concerns at all about the curriculum, the Committee of Student Representatives, starting or funding a student group, life, or anything else, I would encourage you to contact me so that I can help you to the best of my ability or direct you to someone who can. As your CSR President, I am here to be your first stop in matters concerning student affairs.

As a first step in my outreach to the student body, I will be holding office hours in room E321 A of the medical school on Thursday, February 27th from 12:30 pm to 3:30 pm. I hope to see many of you there.

Thanks,
Alok Harwani
CSR President
Class of 2017

For the LOLs

At the hospital elevator...

The internist comes running up as the doors are about to close. He sticks his hand in, doors open and he gets on.

The general surgeon comes running up. Doors are about to close. She sticks her foot in the door, they open and she gets on.

Then the orthopedic surgeon comes running, doors about to close...sticks his head in and gets on.
